

## ONLINE COURSE OVERVIEW

The Transportation of Dangerous Goods, or TDG, Act and Regulations are in place to provide information on hazardous materials in transport that could pose a risk to public safety. Everyone that is involved with a dangerous goods shipment should be aware of and understand what their responsibilities are. This course is intended for shippers, carriers, receivers, and anyone else involved with the movement of dangerous goods, as they are required to be trained, educated, and have a sound knowledge of all aspects that relate directly to their job and the dangerous goods, whether they will handle, offer for transport, or transport.

### COURSE TOPICS

- Responsibilities
- Training
- Classification
- Documentation
- Safety Marks
- Means of Containment
